

# Coaches Agreement

**COACHES! PLEASE READ AND SIGN! PLEASE ALSO SHARE WITH ATHLETES, & PARENTS IN YOUR GYM.**

Rockstar Championships is committed to hosting professional events. In order for our company to accomplish this goal, we must hold our staff, athletes, coaches, and parents to a high level of expectation. The guidelines set forth here are to ensure that we have a professional, positive, and successful event for everyone involved.

- No socializing with judges at all the night prior to or the day of the competition. *Upon the completion of the event you may resume communication with judges. Failure to abide by this could result in your teams disqualification from the event.*
- All scoring issues must be discussed at the event. *No scoring issues will be discussed the following days after an event. Scores will vary from competition to competition due to the comparative scoring system set forth by the Unified Scoring System partners.*
- Gym owners, coaches, athletes, and parents are expected to refrain from using vulgarities, profanity, and should maintain professional communication when dealing with the event producers, staff, judges, and other programs competing at the event.
- No gym owners, coaches, athletes, or parents may approach the judges table at anytime during the event.
- We will only discuss your team's scores. *We will not discuss other program's routines or scores.*

## COACHES AGREEMENT

1. Only one person from each gym per team can contest score sheets. Scoresheets must be contested within 30 minutes of picking up the scoresheets. No contestations will be allowed after 30 minutes.
2. The designated representative must come to the registration table and fill out a Contest Form that will be taken to the head judge for review and must pay a \$100.00 deposit. Upon final ruling from the head judge or deduction judge, the \$100.00 will be returned if a judging error occurred. If no error was found on Rockstar's behalf, Rockstar will keep the \$100.00. The registration area cannot discuss scoring or performance due to the fact that they are not qualified to do so.
3. Coaches will only be able to contest DIFFICULTY scores and DEDUCTIONS.  
\*DIFFICULTY may only be contested if you are not in the range your team should be.  
\*DEDUCTIONS: If you choose to contest your deductions, the deductions judge will review the ENTIRE ROUTINE and will correct all deductions including deductions that were not caught during the initial scoring. We will not discuss any technique or creativity scores due to the fact that they are subjective.
